Continual Professional Development for SQP's – 2019

APPLICATION FORM

This CPD programme has been designed with the commercial retailer in mind. CPD may be a professional requirement but it can also be a profitable investment. For some, this could come from utilising the opportunities now available from social media in order to improve engagement with horse and pet owners. For others, there may be new sales opportunities from new practices in nematode control.

The general day (equine and companion animal) covers a wide range of topics and includes an update session from the VMD on changes to inspection reports and prescribing and recording for horses, as well a session on Lyme disease and other general updates. It will be a busy day, but should give new inspiration and have an element of fun. You also get **48 CPD points!**

Avian – this is a day-long module worth **41 CPD points**. This can be done as a stand alone CPD day, or delegates can attend the day and then go on to sit an exam to gain qualification as an 'A-SQP' on top of their existing qualification. Exam dates for Stoneleigh are available from BETA or AMTRA (it would not be on the same day as the CPD event).
